Choose **Pathé** For Its Tone Alone!

If the wonderful TONE of the PATHE were its ONLY advantage it would be sufficient to justify your choice of the PATHE over all other phonographic instruments.

Description of the purity and clarity of the PATHE is of little value, for the printed word can convey no adequate idea of its beauty.

To realize the fullness and sweetness of the PATHE tone, you must HEAR the instrument itself. To do this you have only to come in and let us play the PATHE for you.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and waste to expect it. Chicks die, or grow into weak, unproductive fowls. The U. S. Government states that over half the chicks hatched die from this cause.

Avicol is a water-soluble vitamin placed in the drinking water, will positively save your young chicks from all such diseases. Inside of 48 hours the chicks will be as healthy as chickens. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thacker, R. F. D. 3, St. Paris, O., writes: "I had 99 chicks and they all died but 12. Then I covered them in Avicol and haven't lost any since they have grown wonderfully."

If you don't know how to try Avicol, don't find that it prevents and cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can write for the booklet for a postage-free mail postpaid. Burroughs-Wellcome Co., 214 Columbia Bldg., Indianapolis, Ind.
